20 July 2010

Conversion to a Company Limited by Guarantee

Effective July 1 2010, Cabrini Health is no longer an Incorporated Association and is now a Company Limited by Guarantee. In changing its status, Cabrini Health has also changed its name from Saint Frances Xavier Cabrini Health Governing Board Incorporated to Cabrini Health Limited.

While the company created by the conversion process is technically a new entity with a new name, the law recognises the new Company and the old Association as the same entity. There is no transfer of assets, rights or liabilities as the company and the incorporated association are deemed to be the same body.

Cabrini Health Limited retains the existing ABN, however now being a company, we also have an ACN.
