## RELEVANT MEDICAL HISTORY (required for all referrals):

## CONTACT/REFERRING CLINICIAN / PHYSICIAN:

Name:	Designation:	Date:
Contact details:	Please provide an allied health transfer letter, if relevant.	

## CABRINI ALLIED HEALTH (PRIVATE PRACTICE)

Cabrini provides a range of individual private services, which may be covered by health funds. We can assist patients with a range of conditions, but we also offer specialist programs and services including:

- Lymphoedema
- ED follow-up service
- Vestibular Physio
- Injury management
- Musculoskeletal Physio
- Chronic cough
- Respiratory (airways clearance)
- Move with Parkinson's Disease
- Exercise Physiology / Groups
- Dietetics
- Gestational Diabetes
- Speech Pathology
- Videofluoroscopy/FEES
- Health Psychology
- LSVT
- Preoperative PT Clinic

## CABRINI CANCER EXERCISE AND WELLNESS CENTRE

Cabrini provides a comprehensive range of multidisciplinary, evidence-based oncology programs which focus on the physical, emotional and social needs of cancer patients and those close to them.

## CHRONIC DISEASE

Cabrini provides specialist nursing and a range of other services onsite or at home for chronic conditions.

These include:

- Cardiac
- Respiratory
- Neuro-oncology
- Heart failure
- Cognition and dementia
- Diabetes education

## OUTPATIENT REHABILITATION

Cabrini provide a comprehensive range of onsite multidisciplinary outpatient programs which are goal orientated and focus on individual needs. These short duration programs (held over 6-8 weeks) are led by an experienced rehabilitation consultant and therefore require a medical referral. These services are often covered by your hospital cover. Some of the services and programs include:

- Persistent Pain
- Musculoskeletal
- Oncology
- Falls and balance
- Orthopaedic (joint replacements)
- Reconditioning
- Respiratory (pulmonary rehabilitation)
- Cardiac Rehab
- Parkinson's Disease
- Neurology
- Vestibular
- Upper Limb

## REHAB IN THE HOME

Cabrini can provide comprehensive, multidisciplinary rehabilitation services in the patient's home which are goal orientated and focus on individual needs. These services include care coordination, nursing and allied health services after an acute admission, where the patient is safe to go home but cannot attend an on-site service.

## FUNDING AND ELIGIBILITY

Funding and eligibility checks are completed by our ACCESS service. Some services have no out-of-pocket expenses depending on individual needs, level of hospital and ancillary cover. Any out-of-pocket fees will be discussed prior to appointment bookings. Compensable bodies e.g. TAC, Worksafe and Department of Veteran Affairs may cover all costs. Some services are partially funded by Enhanced Primary Care (EPC) programs via Medicare (ask your local GP).

*\* Telehealth available for private practice services.*
