

Do you have persistent or recurrent low back pain?

Ask about the GLA:D® Back Australia program today!

Enquire about our evidence-based education and exercise program offered in conjunction with Macquarie University at the Cabrini Specialist Centre - Elsternwick.

MACQUARIE
University
SYDNEY • AUSTRALIA

What is involved in the program?

Over 7 weeks, trained staff will guide you through two education and 12 exercise sessions to help you manage your low back pain and improve your day-to-day activities!

What are the costs?

Initial physio consultation: \$170

Seven-week program: \$516 – includes education and exercise sessions, plus a final physio consultation.

If you have extras cover with your private health insurance, you may be eligible for rebates.
