

GOOD CLINICAL PRACTICE (GCP)

& Research Integrity and the Code

Mandatory learning for Cabrini Researchers

All GCP training must meet the minimum criteria for ICH GCP site personnel training identified by *Transcelerate BioPharma* to enable mutual recognition of GCP. Training must comply with the latest updates to the ICH E6(R3) GCP guidelines published 6 January 2025.
GCP must be renewed every 3 years.

FOR NEW RESEARCHERS COMPLETING GCP TRAINING FOR THE FIRST TIME

The Global Health Network Training Centre delivers a free online course (duration 3 hours) that can be taken at a time that suits you <https://globalhealthtrainingcentre.tghn.org/ich-gcp-r3/>

***Researchers whose GCP has lapsed by more than 3 months must complete this full course again.**

FOR RESEARCHERS WISHING TO RENEW THEIR GCP

Select Online Courses

The image shows a grid of course selection options. The first option, 'Online Courses', is highlighted with a red border. Other options include 'External Educational Resources', 'GCP In Action Scenarios', 'Live Events', 'Competency Frameworks', 'Community Networks', 'Site Resources Hub', and 'Career Opportunities'. Each option has a corresponding image below its title.

Select Individual Courses

The page features a large banner image of a coffee cup and a notebook. The A-CTEC logo is in the top left. Breadcrumbs: Home / Content / Online Courses. The main title is "Online Courses". A welcome message and course completion pathways are described. A search bar and category dropdown are at the bottom.

Welcome to A-CTEC Online Interactive Courses!

We offer 2 different pathways of course completion:

- Comprehensive Course Packages: Each consists of a set of courses with a certificate on completion of the whole package
- Individual Courses: Range of separate courses in different clinical trials fields, associated with their own completion certificates

GCP Refresher (ICH E6R3)

This TransCelerate recognised refresher GCP E6R3 course provides a focused update on the revised International Council for Harmonisation Good Clinical Practice (ICH-GCP) guidelines, equipping clinical research professionals with the knowledge to integrate the E6(R3) requirements into daily practice.

By the end of this course, you will have the practical understanding needed to apply the revised 11 GCP principles, maintain compliance, and strengthen oversight and accountability in clinical research operations.

Target Audience: This training is focused on Research Investigator and Site Personnel in Australia.

This course is mutually recognised and listed by TransCelerate as meeting the minimum requirements of ICH E6 (R3) GCP.

Results will produce this free online 1-hour course below (review the course disclaimer re early release):

Introduction

This TransCelerate recognised refresher GCP E6R3 course provides a focused update on the revised International Council for Harmonisation Good Clinical Practice (ICH-GCP) guidelines, equipping clinical research professionals with the knowledge to integrate the E6(R3) requirements into daily practice.

By the end of this course, you will be able to:

1. Identify key updates introduced in ICH-GCP E6(R3) and their impact on clinical research practice.
2. Outline updated requirements for informed consent and continuous participant communication.
3. Understand investigator responsibilities for participant medical care and safety oversight.
4. Explain expectations for accurate and traceable source and essential records.
5. Apply data governance and system validation principles to ensure data integrity.
6. Implement risk-based monitoring and reporting practices aligned with E6(R3).
7. Ensure Principal Investigator accountability by demonstrating effective oversight and delegation.
8. Summarise the revised 11 GCP principles and apply them in day-to-day trial operations.

Expected Time for Completion: 1 hour

Course Disclaimer – Early Release

This course has been released ahead of the finalisation of the Therapeutic Goods Administration (TGA) consultation process for ICH-GCP E6(R3). While the content reflects the current version of the guideline and best available information, further amendments may be required once the consultation outcome is published early 2026.

Learners are encouraged to consider this when choosing to complete the course early. Should any material updates arise, all early completers will be notified and provided with a brief update or additional slide within the course to ensure ongoing accuracy. No re-issuance of completion certificates will be required.

These are the GCP courses you are required to successfully complete if you wish to undertake research at Cabrini.

Other Australian GCP courses:

Monash Partners Health Translation Network

GCP in Clinical Trials

- full day in person workshop for researchers without previous training
- 2.5hr online refresher short course
- for paid employees of Monash Partners organisations

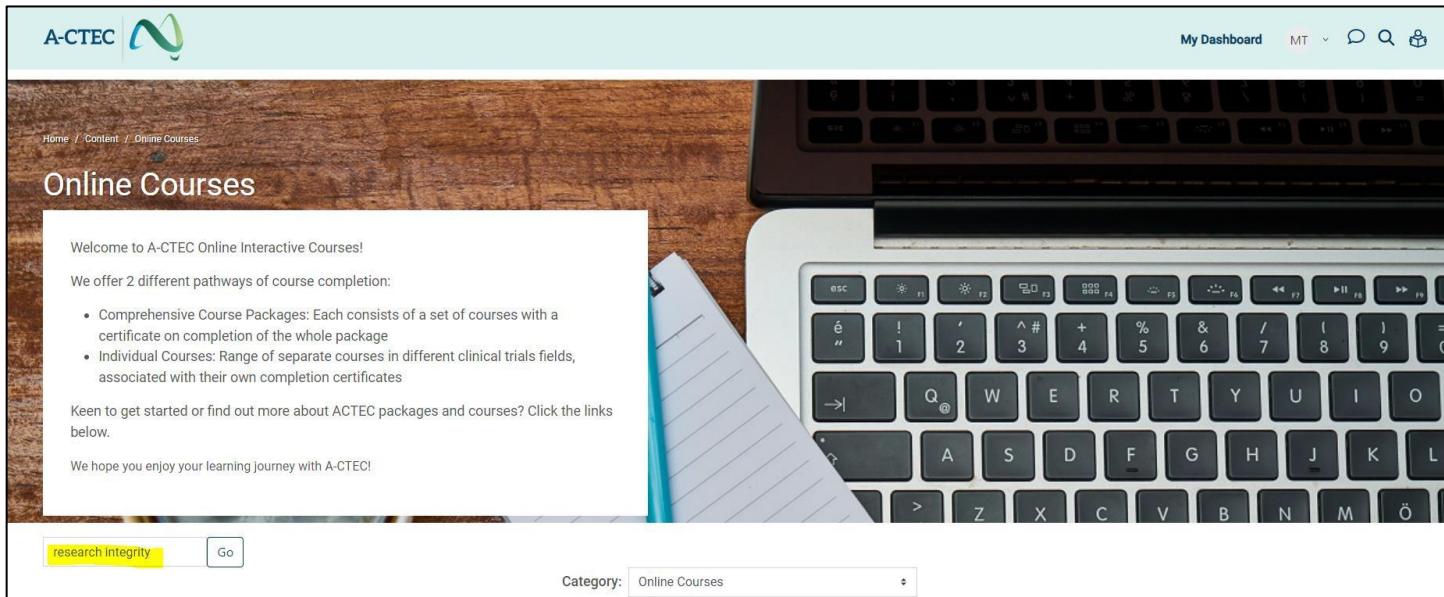

Sophie Mepham GCP

Introduction to GCP R3 - \$49 4 hours online

Refresher GCP - \$29 2 hours online

Genesis Research Services - \$20 online 2-4 hours

Research Integrity and the Code

Introduction

Target Audience: All researchers who conduct, or assist with the conduct of, research.

The aim of this course: to assist you in conducting your research with integrity and complying with the Code principles. This course isn't just about being compliant but about being a good scientific citizen that acts with integrity and responsibly does research.

The course topics follow the research lifecycle, starting from peer review and ethics approval, and ending with publications and authorship.

Expected time for completion: 30 mins

ACKNOWLEDGEMENTS

Course Development By:

This course has been developed through collaboration between Peter MacCallum Cancer Centre (PMCC), Melbourne Children's Research Institute (MCRI), and Australian Clinical Trials Education Centre (A-CTEC).

This Research Integrity and the Code course takes 30 minutes to complete and is a requirement for all Principal Investigators of Cabrini research projects. It is renewable every 3 years.

Good luck!
